Dementia Care in the Home

*Facts, concepts and tools to help family caregivers
navigate their loved one's journey*

Designed for families of people living with dementia and for professional caregivers working in a home environment, this class covers the brain science and facts about various dementias. Explore caregiving, challenges, concepts of engagement and home care practices. Class includes a book.

Wednesdays
September 18 - October 23
6-8pm \$109
