Subject: Driving Policy

Flathead County has made a commitment of safety, service, and quality to both our employees and our customers. Flathead County mandates that our employees operate all vehicles owned by or used by the County in a safe and economical manner.

All Flathead County employees will adhere to the following Driving Policy guidelines. They are summarized by the following:

1. Vehicles are not to be operated unless in a safe operating condition.
2. Drivers must be physically and mentally able to drive safely and defensively.
3. Drivers must conform to all traffic laws with allowances made for adverse weather conditions.
4. Respect the rights of other drivers and pedestrians. Courtesy is contagious.
5. Drivers may not use drugs or alcohol while operating a vehicle owned by or used by the company.
6. **Using your own personal auto on County business is highly discouraged, as the County’s auto insurance policy protects you on an excess basis only. You must rely on your own personal auto insurance policy for primary insurance coverage.** If a driver uses his or her personal vehicle, $500,000 CSL (Combined Single Limit) coverage must be in effect and on file.

ACCIDENTS
All accidents are to be immediately reported to the employee’s supervisor, its insurance agent, and the Human Resource office. All accidents will be reviewed by the department head and by the Risk Management Committee if bodily injury or property damage occurs. The accident will be classified as either preventable (where the employee was cited) or non-preventable. A preventable accident is defined as an accident in which the driver failed to do everything reasonably possible to avoid it.

MOTOR VEHICLE RECORDS
Motor Vehicle Records (MVR) will be checked annually on all employees where driving is part of their job description. The MVR will be reviewed to ascertain the employee holds a valid license and their driving record is within the parameters set by the County.

The following are examples of MVRs violations that may cause revocation of driving privileges for County business and thereby termination if the employee’s job duties require driving:
• Conviction for driving while impaired within the last three years

• Any conviction for death by vehicle, hit and run, racing, careless/reckless driving or other Serious offenses.

• Conviction of more than three Non Serious or Other traffic violations, or two chargeable accidents, in past twelve month period.
