Do you have Medicare? You may be eligible for other benefits.

Are you having difficulty paying for prescriptions or Medicare premiums? Is it sometimes hard to stretch your monthly budget to cover all your bills, like food and utilities?

If the answer is yes, you aren't alone. About one-third of older adults and people with disabilities who have Medicare aren't enrolled in the other benefits that are designed to help them live independently, stay healthy and make ends meet.

Sometimes people don't know about the services, or they think it's too difficult to apply or they aren't sure it's ok to get help.

Let's Talk! We'll explain the different programs that can help you with medical and prescription costs, insurance premiums and household expenses.

Trained counselors will do a "Benefits Check-Up" with you to see which benefits might be right for you. They'll answer your questions and help you complete and submit applications. They'll follow up to make sure you receive the benefits you need.

It won't cost you anything and a little time spent with us may result in big savings for you!

How does the *BenefitsCheckUp* Work?

The process is simple and it doesn't cost you anything.

- Gather information about your income, resources, medical and insurance expenses, prescription drugs and household bills.
- Call **758-5730** to schedule your benefits screening with a trained counselor. The screening takes a few minutes and upon completion, you will have a list of potential benefits.
- The counselor will explain the programs, answer any questions and help you fill out and submit applications.
- Expect us to follow-up with you to make sure your benefits have been approved and the services are meeting your needs.

Start getting the benefits you deserve—give us a call now for a screening!
