Re: Building Permits

To Whom It May Concern:

At this time, Flathead County does not administer the Uniform Building Code program, nor do we have a building permit requirement for new construction or remodeling. Therefore, Flathead County does not issue certificates of occupancy. However, all new residential construction is required to obtain electrical and other mechanical permits from the State of Montana Department of Labor and Industry.

Parcels within the city limits may be in the building permit jurisdiction of Kalispell, Columbia Falls, or Whitefish; you should contact them for the required permits. Other projects may also be subject to State of Montana electrical permits, plumbing permits and inspections. Contact them for clarification at (406) 841-2056.

Thank you for your time.

Sincerely,

A handwritten signature in black ink, appearing to read "E K Mack".
