MEETING W/ GOVERNOR SCHWEITZER RE: GAS & OIL LEASES

[12:00:17 AM](#)

Members present:
Chairman Joseph D. Brenneman
Commissioner Dale W. Lauman
Members absent:
Commissioner James R. Dupont
Others present:
Governor Brian Schweitzer, Hal Harper, Clerk Kile

Governor Schweitzer met with the commission and explained the agreement reached with British Columbia Premier Campbell that will ban mining and drilling in the North Fork of the Flathead. He stated the federal delegation will be working hard to retire oil and gas leases on federal land. The MOU does allow quarries and sand and gravel operations limited to two hectares; which is roughly just short of five acres and limits production to 20,000 tons per year.

Governor Schweitzer said as a show of good faith to Premier Campbell and the province of British Columbia they would like to be able to bring this to a resolution with Flathead County being part of the pact. He stated a lot of jurisdictions are involved with Flathead County being an important partner and among the biggest beneficiaries in the deal. He further said if any of us could have predicted last year that we could be at this point most people would have said you are crazy because for 35 years we didn't get anywhere.

Commissioner Lauman asked how citizens with claims would be compensated.

Governor Schweitzer said he doesn't feel there is a problem, it isn't that they can't quarry or have a gravel pit; it's that it can't be larger than five acres.

General discussion was held relative to gravel extraction rules and gravel pits.

Governor Schweitzer stated he feels Premier Campbell and the Canadian Government is impressed with what the county has done to protect their water resources and has brought them to where they are at today.

Discussion was then held relative to Flathead Lake trout, timber harvesting and mental health.
