## THURSDAY, APRIL 1, 2004

The Board of County Commissioners met in continued session at 8:00 o'clock A.M. Chairman Gipe, Commissioners Hall and Watne, and Clerk Robinson were present.

**Commissioner Gipe attended Land Planning Meeting at MACo, Helena**  
**7:30 a.m. CASA Light of Hope program at Justice Center**  
**8:30 a.m. Commissioner Hall attended AOA TAB Meeting at Justice Center**

### PRELIMINARY PLAT: NORTH HELENA FLATS

Present at the April 1, 2004 9:30 A.M. Meeting were Commissioners Hall and Watne, Planner BJ Grieve, John Korpi, Sherry Annalise Iavicoli, Jim Burton of Jackola Engineering, and Clerk Eisenzimer.

Grieve reviewed the preliminary plat for North Helena Flats Subdivision filed by Susan Panton and Jackola Engineering. North Helena Flats Subdivision creates a four lot residential subdivision on 6.566 acres. The subdivision is located on the east side of Helena Flats Road, and is in an unzoned portion of the county. Staff recommends approval of the Preliminary Plat.

Decision was made to continue meeting until 11:30 a.m. April 5, 2004.

### OPEN BIDS: OFFICE ADDITION & WELL/AOA

Present at the April 1, 2004 10:00 A.M. Meeting were Commissioners Hall and Watne, Jim Atkinson, Deanna Thielman, Terry Kramer, John Peterson of Architects Design Group, Don Ross of Robert W Ross Bldg. Cont. and Clerk Eisenzimer.

Tull reviewed Lake and Lakeshore Construction Permit filed by Barry Bates on Flathead Lake to install new concrete retaining wall two feet lake ward of existing old wood retaining wall. New wall will measure 104 feet in length and will be wood-faced. General discussion was held

Commissioner Hall made a **motion** to approve Lakeshore Permit #FLP-04-27 with 24 conditions and authorize Chairman to sign. Commissioner Watne **seconded** the motion. **Aye-** Watne and Hall. Motion carried by quorum.

**CONSIDERATION OF PRESENTATION: RSID #138 (ROADS IN BIG MOUNTAIN VIEW #2 SUBDIVISION)**

Present at the April 1, 2004 10:30 A.M. Meeting were Chairman Gipe, Commissioners Hall and Watne, Lyell Williams, Ken Larson, Jim Martin, Kevin Malloy, Clerk and Recorder Paula Robinson, Deputy County Attorney Jonathan Smith, and Clerk Eisenzimer.

Kevin Malloy began with I work for Carver Engineering. These gentlemen along with the other homeowners of the #2 Subdivision have hired our firm to hopefully create an RSID through you guys to basically improve their subdivision. It's one of the original subdivisions up at the Big Mountain. The current roads up there are just dirt roads, they're susceptible to frost, heat and what have you and basically become impassable in the spring time like a lot of roads around here. Mr. Malloy explained the location of this subdivision. He continued with the road being as it is, these homeowners have come together and would like to basically get this road paved and are willing to redo it according to county standards. And all that is a county road so it would have to be done that way. In addition to that, they realized that if they go forth with this new road, that they have an old water system and old water mains underneath the road and obviously it makes sense to address the older water lines and to replace them also. So that would also be part of this project, the way that we approached it was that basically when I did a cost estimate for these individuals, I did a cost estimate for the road section and for the water section. The way that we're going to assess the property owners is such that all 39 of the lots will be charged equally and wholly for the road section, i.e. they'll be paying 1/39<sup>th</sup> of the costs associated with the road. And then on the water side, of the cost estimate, there are 33 lots that will receive water services and will receive the benefit of the improved water system and therefore those 33 lots will pay for the costs associated with that construction, i.e. they'll be paying for 1/33<sup>rd</sup>. Then we'll take the two numbers and combine them and that's how we come up with the total of \$523,000 that we estimate that this project will cost. With that in mind, that's basically the project in a nutshell and we are here to answer any questions that you might have. We do have Mane Ann Ellingson as our bond counsel and my understanding, I've never met her but I've heard lots of tremendous great things about her and she's been a great help thus far.

Commissioner Watne asking, on this RSID like the water lines, is there any chance that that could be extended into another subdivision at a later date?

Mr. Malloy answered with actually, it already is. It's already part of an existing network of water mains up there on Big Mountain. It just so happens that these existing water mains actually were some of the first ones up there and they were 4" water lines and I think that was built in 1965 so they're fairly old so we would be connecting it to existing lines already in between so we're just replacing what's within that subdivision.

Commissioner Watne continued with would there be any liability to the other subdivision, parts of that other than just this one?

Mr. Malloy confirmed that there would be no liability and that system will be taken over by the Big Mountain Water Company once it's complete, whereas right now it is not. These guys maintain that water system within their subdivision privately.

Commissioner Hall asking how many years the RSID is spread over. Mr. Malloy explains that it is a 20 year district. Commissioner Hall then asked Deputy County Attorney Jonathan Smith his advice.

Jonathan Smith then explained that years ago Flathead County agreed not to do maintenance districts with RSIDs due to expense and increased workload to bookkeepers and treasurer's office.

Agreement was made to proceed with RSID excluding the Maintenance district. Maintenance service agreement for road will be set up by Big Mountain View #2 Subdivision Homeowner's Association. Resolution of intent is being revised and a decision was continued until completion of document.
