NOTICE OF PUBLIC HEARING

The Board of Commissioners of Flathead County, Montana, hereby gives notice pursuant to Section 76-2-205(1), M.C.A., that it will hold a public hearing to consider a request by Alice Blasdel to change the zoning designation on property located in the Evergreen and Vicinity Zoning District from R-1 (Suburban Residential) to R-3 (One-Family Residential).

The boundaries of the area proposed to be changed from R-1 to R-3 are set forth on Exhibit "A".

The proposed change would generally change the character of the zoning regulations applicable to the property from allowing a residential area designed to provide estate type development, normally located in rural areas away from concentrated urban development, or in areas where it is desirable to permit only low density development, e.g., extreme topography, areas adjacent to flood plains, airport runway alignment extension, to allowing a residential area designed to provide adequate lot areas for urban residential development, with good thoroughfare access, in proximity to community and neighborhood facilities such as schools, parks, and shopping areas, and normally requiring all public utilities. Minimum lot size would decrease from one acre to 10,000 square feet.

The regulations defining the R-1 and R-3 Zones are contained in the Flathead County Zoning Regulations on file for public inspection at the Office of the County Clerk and Recorder, Courthouse, Kalispell, Montana, in Permanent File No. 9327013500.

The public hearing will be held on the **11<sup>th</sup> day of September, 2006, at 9:30 o'clock a.m.**, in the Office of the Board of Commissioners of Flathead County, Courthouse, West Annex, Kalispell, Montana. At the public hearing, the Board of Commissioners will give the public an opportunity to be heard regarding the proposed change in the regulations for the described portion of the Evergreen and Vicinity Zoning District.

NOTICE OF PUBLIC HEARING

The Board of Commissioners of Flathead County, Montana, hereby gives notice pursuant to Section 76-2-205(1), M.C.A., that it will hold a public hearing to consider a request by Heidi Welsh and Jock Yoder to change the zoning designation in a portion of the Highway 93 North Zoning District from SAG-10 (Suburban Agricultural) to SAG-5 (Suburban Agricultural).

The boundaries of the area proposed to be amended from SAG-10 to SAG-5 are set forth on Exhibit "A".

The proposed change would change the character of the zoning regulations applicable to the property which, in both SAG-10 and SAG-5 districts, are intended to protect and preserve agricultural land for the performance of limited agricultural functions and to provide a buffer between urban and unlimited agricultural uses, encouraging concentration of such uses in areas where potential friction of uses will be minimized, and providing for estate type residential development, by reducing the minimum lot size from 10 acres to five acres.

The regulations defining the SAG-10 and SAG-5 Zones are contained in the Flathead County Zoning Regulations, on file for public inspection at the Office of the County Clerk and Recorder, Courthouse, Kalispell, Montana, in Permanent File No. 93270 13500.

The public hearing will be held on the **14<sup>th</sup> day of September, 2006, at 9:30 o'clock a.m.**, in the Office of the Board of Commissioners of Flathead County, Courthouse, West Annex, Kalispell, Montana. At the public hearing, the Board of Commissioners will give the public an opportunity to be heard regarding the proposed change to the Highway 93 North Zoning District.

RESOLUTION NO. 1971

RESOLUTION RELATING TO RURAL SPECIAL IMPROVEMENT DISTRICT NO. 142; CREATING THE DISTRICT FOR THE PURPOSE OF UNDERTAKING CERTAIN LOCAL IMPROVEMENTS AND FINANCING THE COSTS THEREOF AND INCIDENTAL THERETO THROUGH THE ISSUANCE OF RURAL SPECIAL IMPROVEMENT DISTRICT BONDS SECURED BY THE COUNTY'S RURAL SPECIAL IMPROVEMENT DISTRICT REVOLVING FUND AND ESTABLISHING COMPLIANCE WITH REIMBURSEMENT BOND REGULATIONS UNDER THE INTERNAL REVENUE CODE

BE IT RESOLVED by the Board of County Commissioners of the County of Flathead County (the "County"), Montana, as follows:

Section 1. Receipt of Petition. This Board has received a petition, (the "Petition") to create and establish in the County under Montana Code Annotated, Title 7, Chapter 12, Part 21, as amended (the "Act"), a rural special improvement district (the "District") for the purpose of financing certain local improvements to benefit certain property located in the County and included within the proposed District. The Petition has been signed by all owners of the property in the proposed District and the owners expressly consented in the Petition to the creation of the proposed District on the terms and conditions hereinafter specified.

**WEDNESDAY, AUGUST 30, 2006**  
**(Continued)**

Section 2. Creation of the District; Issuance of Bonds. Based on the Petition and Sections 7-12-2102(2), 7-12-2109(2) and 7-12-2113(2)(d) of the Act, this Board has jurisdiction, and finding it in the best interest of the County hereby determines, to create the District and order the Improvements (as defined in Section 6) on the terms and conditions hereinafter prescribed, for the purpose of financing costs of the Improvements and paying costs incidental thereto, including costs associated with the sale and the security of rural special improvement district bonds of the County drawn on the District (the "Bonds"), the creation and administration of the District, the funding of a deposit to the County's Rural Special Improvement District Revolving Fund (the "Revolving Fund"). The total estimated costs of the Improvements, including such incidental costs, to be financed by the Bonds are \$150,900.70. The Bonds are to be payable primarily from special assessments to be levied against property in the District, which property will be specially benefitted by the Improvements in an amount not less than \$150,900.70.

Section 3. Number of District. The District shall be known and designated as Rural Special Improvement District No. 142 of the County of Flathead, Montana.

Section 4. Boundaries of District. The limits and boundaries of the District are depicted on a map attached as Exhibit A hereto (which is hereby incorporated herein and made a part hereof) and more particularly described on Exhibit B hereto (which is hereby incorporated herein and made a part hereof), which boundaries are designated and confirmed as the boundaries of the District. A listing of each of the properties in the District is shown on Exhibit C hereto (which is hereby incorporated herein and made a part hereof).

Section 5. Benefitted Property. The District and territory included within the limits and boundaries described in Section 4 and as shown on Exhibits A, B and C are hereby declared to be the rural special improvement district and the territory which will benefit and be benefitted by the Improvements and will be assessed for the costs of the Improvements as described in Section 2. The property included within said limits and boundaries is hereby declared to be the property benefitted by the Improvements.

Section 6. General Character of the Improvements. The general character of the Improvements is engineering for a sewer collection system and construction, purchase and installation of pipes, vaults and meters for a sewer collection system in order to hookup the property in the District to the Lakeside County Water and Sewer District's sewer facilities.

Section 7. Engineer and Estimated Cost. Mark J. Munsinger of Munsinger Consulting, LLC, shall be the engineer for the District. The Engineer has estimated that the cost of the Improvements, including all incidental costs, is \$150,900.70.

Section 8. Assessment Method - Lump Sum Utility Service Connection. Each of the 16 lots in the District will receive a sewer service connection and shall be assessed for the cost of the connection on a lump sum basis based on the bid price to be received. The lump sum assessment will not exceed \$9,431.30 per connection.

Assessment Methodology Equitable and Consistent with Benefit. This Board hereby determines that the method of assessment and the assessment of costs of the Improvements against the properties benefitted thereby as prescribed in this Section 8 are equitable and in proportion to and not exceeding the special benefits derived from the respective Improvements by the lots to be assessed therefor within the District.

Section 9. Payment of Assessments. The special assessments for the costs of the Improvements shall be payable over a term not exceeding 15 years, each in equal semiannual installments of principal, plus interest, or equal semiannual payments of principal and interest, as this Board shall prescribe in the resolution authorizing the issuance of the Bonds. Property owners shall have the right to prepay assessments as provided by law.

Section 10. Method of Financing; Pledge of Revolving Fund; Findings and Determinations. The County will issue the Bonds in an aggregate principal amount not to exceed \$150,900.70 in order to finance the costs of the Improvements. Principal of and interest on the Bonds will be paid from special assessments levied against the property in the District and such payment will be secured by the Reserve Account. This Board further finds it is in the public interest, and in the best interest of the County and the District, to secure payment of principal of and interest on the Bonds by the Revolving Fund and hereby authorizes the County to enter into the undertakings and agreements authorized in Section 7-12-2185 in respect of the Bonds.

In determining to authorize such undertakings and agreements, this Board has taken into consideration the following factors:

(a) Estimated Market Value of Parcels.

The Board reasonably expects that the market value of the lots, parcels or tracts in the District as of the date of adoption of this resolution, will increase by at least the amount of the special assessment to be levied under Section 7 against each lot, parcel or tract in the District, as a result of the construction of the Improvements.

(b) Diversity of Property Ownership.

Analysis of the number of property owners, business or family relationships, if any, between property owners, the comparative holdings of property by owners in the District indicated that the 16 lots in the District each has separate ownership. The substantial diversity in ownership makes it less likely that financial difficulties of one or related property owners will require the Revolving Fund to make a loan.

(c) Comparison of Special Assessments and Property Taxes and Market Value.

The amount of the proposed assessments against each lot, parcel or tract in the District (\$9,021.24), compares favorably to the estimated market value of each lot, parcel, or tract, which range in value (land only, not including improvements) from approximately \$20,000. The hookup to the Lakeside Sewer and consequent termination of use of septic systems will increase the value. The lots are improved and their improved values are an indication that the amount of security for any Revolving Fund loan is more than adequate. Since the estimated market value of each parcel exceeds the sum of special assessments any loan from the Revolving Fund loan would be adequately secured.

(d) Delinquencies.

The amount of delinquencies in the payment of outstanding property taxes levied against property in the District is only 2 of the 16 properties. The lack of substantial delinquent taxes suggests that the likelihood of financial difficulties is small, making the necessity for a Revolving Fund loan unlikely.

(e) The Public Benefit of the Improvements.

The public benefit to be derived from the Improvements is substantial. The Improvements meet an urgent and important need of the County to treat sewage in rural areas with sewer systems rather than with individual septic systems, which tend to put more pollutants into the ground water. Public health is much better served by allowing the sewer hookups contemplated here.

**WEDNESDAY, AUGUST 30, 2006**  
**(Continued)**

(f) Newly Platted Subdivision.

The District is not a recently platted subdivision or proposed subdivision plat. The lots are not owned by a developer, but are owned by 16 different parties.

Section 11. Reimbursement Expenditures.

11.1. Regulations. The United States Department of Treasury has promulgated regulations governing the use of proceeds of tax-exempt bonds, all or a portion of which are to be used to reimburse the County for project expenditures paid by the County prior to the date of issuance of such bonds. Those regulations (Treasury Regulations, Section 1.150-2) (the "Regulations") require that the County adopt a statement of official intent to reimburse an original expenditure not later than 60 days after payment of the original expenditure. The Regulations also generally require that the bonds be issued and the reimbursement allocation made from the proceeds of the bonds within 18 months (or three years, if the reimbursement bond issue qualifies for the "small Flathead County" exception from the arbitrage rebate requirement) after the later of (i) the date the expenditure is paid or (ii) the date the project is placed in service or abandoned, but (unless the issue qualifies for the "small Flathead County" exception from the arbitrage rebate requirement) in no event more than three years after the date the expenditure is paid. The Regulations generally permit reimbursement of capital expenditures and costs of issuance of the bonds.

11.2. Prior Expenditures. Other than (i) expenditures to be paid or reimbursed from sources other than the Bonds, (ii) expenditures constituting preliminary expenditures within the meaning of Section 1.150-2(f)(2) of the Regulations, or (iii) expenditures in a "de minimus" amount (as defined in Section 1.150-2(f)(1) of the Regulations), no expenditures for the Improvements have been paid by the County before the date 60 days before the date of adoption of this resolution.

11.3. Declaration of Intent. The County reasonably expects to reimburse the expenditures made for costs of the Improvements out of the proceeds of Bonds in an estimated maximum aggregate principal amount of \$150,900.70 after the date of payment of all or a portion of the costs of the Improvements. All reimbursed expenditures shall be capital expenditures, a cost of issuance of the Bonds or other expenditures eligible for reimbursement under Section 1.150-2(d)(3) of the Regulations.

11.4. Budgetary Matters. As of the date hereof, there are no County funds reserved, allocated on a long-term basis or otherwise set aside (or reasonably expected to be reserved, allocated on a long-term basis or otherwise set aside) to provide permanent financing for the expenditures related to the Improvements, other than pursuant to the issuance of the Bonds. The statement of intent contained in this resolution, therefore, is determined to be consistent with the County's budgetary and financial circumstances as they exist or are reasonably foreseeable on the date hereof.

11.5. Reimbursement Allocations. The County's financial officer shall be responsible for making the "reimbursement allocations" described in the Regulations, being generally the transfer of the appropriate amount of proceeds of the Bonds to reimburse the source of temporary financing used by the County to make prior payment of the costs of the Improvements. Each allocation shall be evidenced by an entry on the official books and records of the County maintained for the Bonds or the Improvements and shall specifically identify the actual original expenditure being reimbursed.
