- a. I understand that by signing below, my name will be removed from the Montana Voter registration database for Flathead County and/or absentee ballot list.
- b. *I also understand that by removing my absentee status, that many local elections are conducted entirely by mail with no polling places. I will continue to receive ballots in the mail for those elections but for any "Federal" polling place elections, I must appear at my designated polling location during its hours of operation in order to cast my ballot.*
- c. If I wish to vote by absentee ballot in future elections, I must apply by using a standard application form.
