

Flathead Valley Community College

# Continuing Education Center

## Manager Certification

**Designed for chefs, cooks, servers, owners and operators**, this class will safeguard your business and your customers through safe food handling. ServSafe is a nationally acclaimed program sponsored by the National Restaurant Association. Instruction will cover **critical principles including:** personal hygiene, cross contamination, time & temperature, receiving & storage, food safety management systems, training hourly employees, and more.

**This is the knowledge every employee needs to succeed when they take the ServSafe Food Protection Manager Certification examination.** Participants can become officially certified by passing the exam administered during class, and certification is valid for 5 years.

**The course fee includes both a textbook and the certification exam.** Please plan to pick up and study the course textbook prior to attending. Both the ServSafe textbook and exam are available by special order in Spanish, Chinese, and Korean. Contact the Continuing Education office regarding the cost and shipping time for non-English materials before you register for your class.

### Upcoming course dates:

**8:30am – 5pm • \$95**

- Tue, June 18
- Thu, Sept 5
- Thu, Oct 17
- Thu, Nov 21
- Tue, Jan 7, 2025

**Thank you to both** McDonald's and the Flathead City-County Health Department for their partnership to provide this training.
