Re: Business License

To Whom It May Concern:

At this time, Flathead County does not issue business licenses. All zoned parcels within the County's jurisdiction are subject to the Flathead County Zoning Regulations or Canyon Area Land Use Regulatory System found on our website. Land use permits may be required depending on your zoning and proposed business.

Businesses within the city limits may be in the jurisdiction of either Kalispell, Columbia Falls, or Whitefish. Businesses may also be subject to applicable licenses from the State of Montana or Flathead City-County Environmental Health. Please contact the city your business is located in regarding their business license requirements and any other applicable agency for license requirements.

Sincerely,
