Summary of Low Grades (C+ or Lower) for August, 2010

- Critical deficiencies are marked with asterisks (i.e. *xxx*)
 - Repeat deficiencies are highlighted in red text (i.e. xxx)
 - Deficiencies that were corrected on sight are flagged "COS" (i. e. COS *xxx*)
-

Columbia Falls

Filipino American Grill

Inspection Date: August 5, 2010

Inspection Type: Routine **Grade:** C-

- *Eggs were stored over sodas and water*
- *Chicken dish registered 125 degrees; Rice registered 115 degrees*
- *Eggs and leftovers registered 65 degrees in refrigerator*
- *label and date all potentially hazardous food not in original containers*
- *Need chlorine test strips to check wiping cloths and dish sanitizer*
- *Dishes must be done correctly: wash, rinse, sanitize, air dry*
- Need hot water at hand-sink
- Need wiping cloths with 100-200 ppm chlorine
- Do not store single service items in restroom
- Need light shields on all lights

Follow-up Date: Next year, done for this season

Follow-up Grade: Pending

Enforcement Action: Pending

Super 1 Foods – Deli (Columbia Falls)

Inspection Date: August 09, 2010

Inspection Type: Routine **Grade:** C-

- *Inadequate hand washing – no hand washing observed; staff are using gloves as a replacement for hand washing and not washing hands before donning gloves*
- *Blocked hand washing sink – back sink filled with rolled up floor mats; front sink covered by clip board*
- Seasoning dip container not kept covered
- COS *Tray of raw chicken above cooked and ready to eat foods in walk-in cooler*
- *Inadequate date marking of opened food packages and prepared food containers*
- **Inadequate sanitizer strength – tested at 0ppm in the bucket; no wiping cloth in bucket**
- **COS *Scoops stored in seasoning dip and in flour bin with handle in contact with the product***
- Personal drinking cups stored with clean dishes
- Single service articles not adequately protected from contamination with sleeves or a dispenser
- Non-food contact surfaces (shelves, handles, cabinets, drawers) need cleaning
- Floors need to be cleaned under and around equipment and around walls

Follow-up Date: August 16, 2010

Follow-up Grade: A+

Enforcement Action: No further action at this time

Kalispell

Establishment Name – Dairy Queen of Kalispell

Inspection Date: August 9, 2010

Inspection Type: Routine **Grade:** C+

Enforcement Action: Will require a follow-up

- *Cold potentially hazardous food not adequately temperature control
Observations and Corrective Actions - Mayo in top of prep table ~ 44°, prep. cooler not keeping temperature of 41 or lower.
- *Adequate hand washing facilities not accessible
Observations and Corrective Actions -Hand washing sinks must be located conveniently and continuously available for the purpose of hand washing in cooking area.
- *Food contact surface(s) of equipment not clean and sanitized . **Observations and Corrective Actions**-ice machine needs cleaned and sanitized.
- *Misuse of a toxic material **Observations and Corrective**- sanitizer in front counter area and spray bottle > 500 ppm. Need to be ~ 100 ppm chlorine.
- Ventilation hood or fan not maintained clean. **Observations and Corrective Actions**- Greasy goo hanging from grill hood

Follow-up Date: September 8, 2010

Follow-up Grade: B+

Enforcement Action: None

King Buffet

Enforcement Action: This establishment is having great difficulty passing an inspection in the facility they are in. They believe that their score will dramatically increase in the new location that they are moving to in the beginning of September. Compliance inspections will resume at new location once they are open and in operation.

Espresso On the Move - Mobile

Inspection Date: July 23, 2010

Inspection Type: Routine **Grade:** C

- *Food contact surfaces must be kept clean and sanitized; milk wand is not properly sanitized.
- *Potentially hazardous food items were not dated; need dates on jet tea as they are only good for approximately two after opening.
- *Misuse of a toxic material; Chlorox Clean-up is too strong for food grade use
- *Scoop stored so that handle is in product; powder scoops are in the product.
- *Inadequate sanitizing of dishes, utensils and other food contact equipment; must wash, rinse, and sanitize all dishes after use at the approved commissary in three compartment sink as sink system is lacking on mobile unit.

Follow-up Date: September 3, 2010

Follow-up Grade: A+

Enforcement Action: All issues resolved from inspection on 7-23-10. Because there has not

been a three compartment sink in the is mobile unit since 1994, agreement has been made with owner that blender will either be rotated out with a clean one every 4 hours, or she will wash and rinse it into the available sink, then spray it with a 50-100 ppm bleach solution and allow to air dry during an operating period.

Vivienne's Fifth Street Cafe – Food Service (Kalispell)

Inspection Date: August 11, 2010

Inspection Type: Routine **Grade:** C

- COS *Open personal drinking cup stored on food preparation surface with visible condensation from the cup on preparation surface*
- *Inadequate cold holding temperatures – stacks of egg flats left out of temperature control, other potentially hazardous foods are being left out on counters without any time or temperature controls, food in two refrigerators was too warm*
- COS *Floor cleaner stored on top of refrigerator*
- COS Wiping cloth left on counter being reused tested 0ppm – bucket with no wiping cloths in it tested adequate
- Single service articles not adequately protected from contamination with sleeves or a dispenser
- *Inadequate sanitizing of dishes – dish machine tested at 0ppm at dish level*
- *No air-gap protection on dish machine or three-compartment sink*
- Flooring in food storage areas is not smooth, durable and easily cleanable – carpet

Follow-up Date: August 23, 2010

Follow-up Grade: B+

Enforcement Action: No further action at this time

Hungry Horse

Willows Huckleberry Land – Food Service

Inspection Date: August 24, 2010

Inspection Type: Routine **Grade:** C-

- *Food contact surfaces must be kept clean and sanitized; inside of the microwave.
- *Inadequate sanitizing of dishes; do not wash any dishware in the mop sink, use three compartment sinks and set up for wash, rinse, sanitize, and air dry.
- *Serving utensils not stored in a sanitary location; ice cream scoops stored in a bucket of stagnant water below paper towels for handwashing which allows water off of wet hands to drip into the scoop water.
- *Scoop stored so that handle is in product; powder scoops are in the product.
- *Inadequate sanitizing of dishes, utensils and other food contact equipment; must wash, rinse, and sanitize all dishes after use at the approved commissary in three compartment sink as sink system is lacking on mobile unit.
- *Must have test strips to test that the level of sanitizer in buckets and three compartment sink are at correct levels.
- Food not stored in a clean, covered container; juice and ice creams.
- Must have thermometers in all cold holding units.
- Must keep single serve items in plastic sleeves, dispensers, or containers to protect them from contamination.
- Non-food contact surfaces not maintained clean; inside of refrigerator.

- Cleaning of facility not adequate; floors are sticky.
- Follow-up Date:** September 7, 2010
Follow-up Grade: B
Enforcement Action: No further action as establishment has addressed the majority of issues above and passed their follow-up inspection.

Whitefish

Rising Sun Bistro – Food Service

- Inspection Date:** August 24, 2010
Inspection Type: Routine **Grade:** C+
- *Grade from previous inspection not posted as required*
 - *Inadequate hand washing – staff is rinsing and drying hands in place of thorough hand washing using soap*
 - *Raw eggs stored with and over produce in white storage room refrigerator #1*
 - *Inadequate cold holding temperatures – other potentially hazardous foods are being left out on counters without any time or temperature controls*
 - *Inadequate date marking of opened food packages and prepared food containers*
 - Inadequate labeling of opened food packages and prepared food containers
 - Clean dishes stored under food preparation table are not protected against falling food debris
 - Surfaces of shelving where clean glassware is stored is not smooth and easily cleanable – covered with rubber mats that were cemented to the shelf with dirt and grease
 - Flooring in food storage areas is not smooth, durable and easily cleanable – carpet
- Follow-up Date:** Pending
Follow-up Grade: Pending
Enforcement Action: Follow-up inspection to be scheduled; Advanced inspection schedule; Plan of compliance has been signed

West Glacier

Vista Motel - Pool

- Inspection Date:** August 23, 2010
Inspection Type: Routine **Grade:** n/a – pool closed
- *Main drain is not VGB compliant
 - *Chlorine level excessively high at over 200 ppm.
 - *Missing safety equipment; hook.
 - *pH out of parameters.
 - Alkalinity out of parameters.
 - Markings missing on steps to indicate edge of step.
 - Handrail needs to be more sturdy.
 - Loose lid on the pipe in the ground next to the pool is a safety hazard.
 - No lifeguard sign is faded making it harder to read; must be replaced.
- Follow-up Date:** August 30, 2010
Follow-up Grade: n/a – pool opened
Enforcement Action: Chemical levels have been stabilized and are within parameters, therefore, the pool is ok for reopening to the public. The physical violations will be corrected in off season (after Labor Day).

Temporary Establishments

Establishment Name – Ladies Auxiliary VFW Fair Booth

Inspection Date: August 18, 2010

Inspection Type: Routine **Grade:** C+

Enforcement Action: follow-up on August 20, 2010, **Grade:** B

Establishment Name – Mom's Jellies and Chocolates

Inspection Date: August 13, 2010

Inspection Type: Temporary Event **Grade:** C+

Enforcement Action: Selling a product without a proper license. Licensed as a Farmers Market exemption.
