Therefore, proposed amendments to *all* plans must address the following criteria:

- A. In Montana, Growth Policies must comply with the requirements of 76-1-601, M.C.A. (attached). Explain how the proposed amendment affects the overall compliance of the Growth Policy and, if applicable, the Neighborhood Plan, with 76-1-601, M.C.A.

- B. Explain the existing characteristics and/or projected trends in the community that are substantially different from those presented in the most recent plan update and upon which the proposed amendment is based.

- C. Explain how the proposed amendment impacts both consistency within the plan proposed to be amended and consistency with other plans. (For example, if the proposed amendment is to a Neighborhood Plan, how does the proposed amendment impact the consistency of the text, goals and policies and maps within the plan, but also consistency with the provisions of the Growth Policy?)

- D. Explain how the proposed amendment further protects and complies with the seven elements of the public’s vision for the future of Flathead County. See Chapter 1, Part 1.

- E. Explain the process of public participation and review that the proposed amendment has undergone and/or will undergo and discuss the sufficiency of this in the context of the proposed amendment.
