GUIDELINES FOR PREPARING VICINITY MAP, SITE PLAN AND PROJECT DRAWING

A. Vicinity Map

The purpose of the vicinity map is to identify the location of the property and to show surrounding lake and lakeshore development. The map shall clearly show the following;

1. The location of the proposed site in relation to the nearest roads, highways and other landmarks;
2. All existing lakeshore facilities (docks, ramps, improvements, etc.) within 100 feet of both sides of the property on which the proposed work will occur;
3. North point and map scale.

This is an example of what you should present. (Note: A plat map from the County Courthouse Plat Room can be used.)

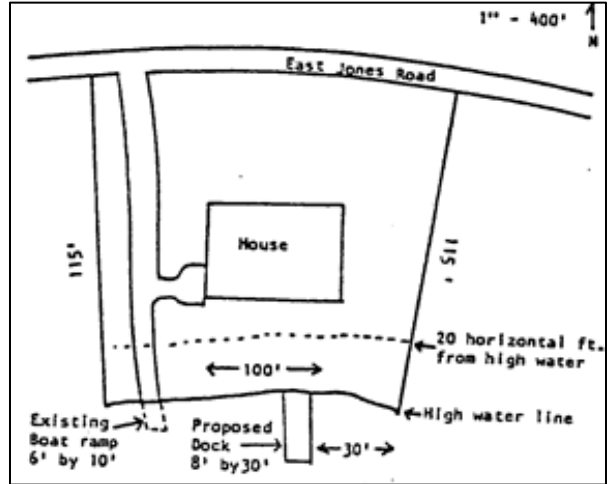

B. Site Plan

The purpose of a site plan is to show the location of the project in relation to any existing structures/facilities on the lot, to the Applicant's property line, the lake, lakeshore and all land within 20 horizontal feet of the mean annual high water elevation of the lake. The site plan shall clearly show the following:

1. Dimensions of the property on which the proposed project is located;
2. Location of the project on the property. All distances from property lines should be indicated;
3. Location of the average annual high water line;
4. Location of the line 20 horizontal feet landward of the mean annual high water elevation;
5. Other structures and/or facilities on the property. Dimensions of structures/facilities should be given only for those located on the lake or within 20 horizontal feet of the mean annual high water elevation;
6. North point and map scale.

This is an example of a site plan for a dock.

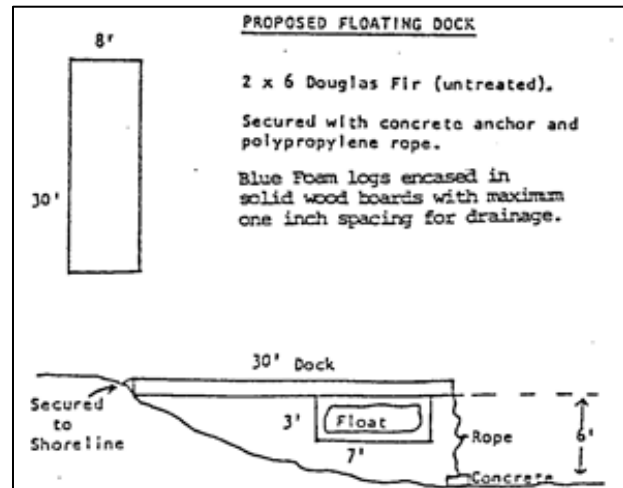

C. Project Drawing

The purpose is to show specific details as to size and type of work proposed (elevations, cross-sections, materials, etc.). These drawings shall include the following:

1. All dimensions of the proposed projects;
2. Materials to be used for the project;
3. Any treatment (preservative, paint, etc.) to be applied to any of the structures. Where paint is proposed.

This is an example of a project drawing. In this case a floating dock is shown.
