

Important Information Regarding Payment Files:

- Note that the modify date of the Unpaid Taxes file indicates the status of the unpaid taxes as of the end of business on that day.
- Please be aware that this file changes daily and can change significantly in the month of October.
- If a payment file is created before the first week in November, it may be returned for corrections as the data may change daily prior to that time.
- You should always download the very latest Unpaid Taxes file prior to creating your payment file.
