D. Personnel Vacancies: Two full-time Paramedics have resigned their full-time status due to other job opportunities. Discussion and action on these two positions and review the action for dedicated 36 hours EMT's. Chief explained this might a good time to go to all full-time across the board, looking at overall operations. Board advised Chief to advertise to replace the full-time Medic Positions and bring back next month's discussion on Full-time EMTs positions.

E. Health, Vision, Dental Insurance Approval: Plans have slight decrease on some of the plans we currently offer and some increases. The new plans for cost comparison have a higher deductible. BCBS quote was about 1,000.00 higher for similar plans than Pacific Source. Delta dental cost did not change, but the current plan should of have some ortho and it does not, so would like to see cost on that. Vison cost went up slightly. Anderson wanted to bring up that on the Levy the district had asked for increases in wages and benefits, that perhaps a good time to improve benefits. Sliter explained while recruiting the new positions, need to look at the comp package offered to attract and retain great people. This needs to be considered in the new budget.

A motion was made to keep current existing insurance with increase in the higher deductibles cost comparison plans, keep as we currently have been doing for cost and HSAs. Elwell (1st), Borges (2nd) all in favor, none opposed.
