

Blankenship Volunteer Fire Department

December 10 2020

Attendance by Zoom: Jodi, Katy ,Doug, Dan, Terry and Joy

Secretary Report: November minutes were read and approved.

Treasurer Report: Katy presented the Treasurer's report and monthly bills. Treasurer's report was approved. We received our tax distribution monies in the amount of \$15,449. The Operating account has a balance of \$13,083 and the Capital account \$17,177. Katy has already submitted the annual report. Wow, way to go girl.

Chiefl Report: Terry presented his report.

New Bussiness: We have a new candidate to join the department as a firefighter. His name is Brian Cain. He has passed all his background checks and the board will discuss his approval at the January 2021 meeting after reviewing his application and paperwork. Congratulations to Terry on getting his Emergency Medical Responder (EMR) certification. The Board has determined that to approve a report indicates that; in the case of the secretarty report there are no additions or correction to the minutes and that they stand as read. Regarding the Treasurer Report that theP report is accepted as presented and approval also includes payment of any outstanding bills. All further secretary notes will reflect this change.

Old Business: In regard to the purchase of tires for 1891: Due to Covid 19 there has been a disruption in the supply chain for certain materials which has impacted the production of tires. G.C.R. is not able to supply us with tires. Terry will contact Les Schwab and see what they can offer. Joy made a motion that Terry has the board's permission to purchase new tires with a monetary limit of \$3,800.00. The motion was seconded and all voted in approval.

Meeting was adjourned.
